

OBJECTIVE: Lab Technician

PROFILE

- ✓ 20+ years of chemistry experience including ten years of lab work in the US and Europe
- ✓ MS in Chemistry with extensive QC work in manufacturers with up to 2,000 employees
- ✓ Worked in chemical and pharmaceutical plants with continuous plant operations
- ✓ Experienced operating HPLC, GC and AA; excellent knowledge of IPC
- ✓ Created, documented and supervised SOPs to ISO and GMP standards
- ✓ Implemented SAP in chemical plant; designed QC panel using SAP
- ✓ 20 years with computers includes MS Office, Lotus Notes, SAP R/3, MS Axapta
- ✓ Ran tests and submitted test results that improved standings with EPA
- ✓ Calibrated, maintained and operated detection equipment for NASA
- ✓ Very organized; ran various tests simultaneously on multiple types of equipment

RELATED WORK EXPERIENCE

QC Laboratory Manager

2004 - 2006

US Pharmacia Ltd., Wroclaw, Poland

- ◆ Responsible for QC of pharmaceutical factory producing one billion tablets per year
- ◆ Coordinated and supervised quality control of final product
- ◆ Monitored preliminary controls; released in-bulk products and packaging materials for production
- ◆ Prepared sampling plans and performed statistical analysis to comply with GLP and legal requirements

Head of Quality Control

2001 - 2004

US Pharmacia Ltd., Wroclaw, Poland

- ◆ Monitored quality for one of the largest OTC manufacturers in Europe
- ◆ Responsible for legal compliance and cGMP
- ◆ Part of steering team in GMP implementation project
- ◆ Responsible for new product analytical methods validation
- ◆ Created calibration system that improved GLP efficiency

Head of Central QC Laboratory

1996 - 2001

PCC Rokita SA, Wroclaw, Poland

- ◆ Supervised QC functions of a chemical factory lab with 67 staff
- ◆ Responsible for raw materials, final products control and analytical part of R & D projects
- ◆ Used variety of analytical instruments: GC, AA, IR, UV, IC
- ◆ Performed leading role in reorganization of all quality control functions in company
- ◆ Involved in building computer supported quality management system and implementation of MRP II system (SAP)

**RELATED WORK EXPERIENCE** continued

QA Associate 1994 - 1996*PCC Rokita SA, Wroclaw, Poland*

- ◆ Part of coordinating team in an ISO 9001 implementation project for chemical plant
- ◆ Created required documentation system and prepared main system documents

Technician 1992 - 1994*ITEK Enviro Services, San Francisco, CA*

- ◆ Performed EPA proficiency tests (AA, GC, Fiber Count) on industrial hygiene to maintain EPA rating
- ◆ Performed gas detector maintenance in NASA Ames Research Center

Toxicologist 1986 - 1991*Environmental Laboratory VITA, Wroclaw, Poland*

- ◆ Collected air samples in work place and performed laboratory tests for hazards; prepared reports used by government authorities

Associate 1983 - 1985*Department of Pharmacy, Medical University, Wroclaw, Poland*

- ◆ Prepared and ran analytical chemistry courses
- ◆ Supervised student labs on GC and HPLC
- ◆ Participated in research projects

OTHER WORK EXPERIENCE

Electrical Apprentice 2007 - Jul 2009*MDE Electrical Mechanical Contractors Ltd., Vancouver, BC***Electrical Helper** 2006 - Feb 2007*Kamp Electric Ltd., Langley, BC***EDUCATION AND TRAINING**

Various courses in **Quality Systems** (GMP, TQM, ISO 9000) 2001 - 2005ISO 9000.2002 Training, *PCC Rokita SA, Wroclaw, Poland* 1994 - 2000Postgraduate studies **Quality Management** 1996**MS Chemistry** 1983*University of Wroclaw**Department of Mathematics, Physics and Chemistry Technological Institute, Wroclaw, Poland*
